

A NOTE FROM YOUR PATIENT

I'm giving you this because I want you to have my complete medical history.

Federal law (the 21st Century Cures Act and HIPAA) gives me the right to all of my records, but they're scattered across hospitals, labs, pharmacies, insurers, and former providers. You don't have all of them. Neither do I.

There's a service that builds and delivers a complete, clinician-reviewed record to your EHR for your patients, at no cost to your practice and no cost to me. If it's useful for how you care for me, please contact the team below.

FOR THE PRACTICE

A complete patient record, delivered to your EHR, *at no cost to your practice.*

A clinician-supervised medical record consolidation and care coordination service for primary care, specialty, internal medicine, geriatric, and direct primary care practices.

The service handles the retrieval, summary, care plan, outreach, and closure documentation. Your team reviews, signs, and bills.

WHAT THE SERVICE DELIVERS

- ▶ **Complete medical history** retrieved from thousands of verified data sources and reconciled into one record.
- ▶ **Clinician-built H&P-style summary**, 3-5 pages, source-cited, posted to your EHR
- ▶ **NP-signed Gaps-In-Care plan** aligned to HEDIS / Stars and ICD-10 hierarchy
- ▶ **Closed-loop care coordination**: outreach, scheduling, referrals, follow-through
- ▶ **Closure verification** with source-cited evidence posted back to the chart
- ▶ **Billing support** for the reimbursable programs your practice can already bill

COST TO PRACTICE

\$0

Billed separately. No setup fee, no per-record fee, no licensing.

PROVIDER EFFORT

~5-7 min / patient / cycle

Review summary, sign care plan. The service handles the rest.

TIME TO LAUNCH

Days, not months

No integration. Uses existing EHR credentials. Month-to-month.

TAKE THE NEXT STEP

Request a no-obligation discovery call

A 20-minute call covers eligibility, onboarding, your practice's existing care-management workflow, and how the service fits into it. Month-to-month pilot available for any panel size.
